

# -Devin Kleman-

Software & Web Developer

Welcome to my resume! Apart from technology, I am a thinker and a researcher of many different things. I keep an open mind to learn alternative ways to view matters. Other times, I like to laugh and embrace nerdism. To prove it, I am a big science fiction fan. I keep my talents up to date and enjoy sharing interests. To learn more, view my portfolio. Thanks for allowing me to introduce myself.

## Education

Fox Valley Technical College

**Software Development** Associate Degree – Obtained May 2021

**Web Development & Design** Associate Degree – Obtained December 2020

**IT-Web Design** Technical Diploma - Obtained May 2020

❖ Cumulative GPA: 3.0

## Certifications

Udemy

[Ethical Hacking](#) Certification – November 2020

[Social Engineering](#) Certification – December 2020

## Projects

[WidgetWorld](#)

Two teammates and I created a storefront web app. Users can checkout products and receive a QRcode by email. Admins can also manage and track inventory.

Technologies: C#, ASP.Net Core, MVC, WPF, API, EF, SQL

[GameStore](#)

Allows users to add multiple products to their PayPal cart. Once checkout is selected, order details are saved to a database.

Technologies: Bootstrap, HTML, CSS, PHP, MySQL, Adobe Illustrator

[Restaurant Website Design \(Repo\)](#)

This is a restaurant website design that displays top products, a menu, reasons to become a customer, restaurant photos, a list of chefs, and a contact section.

Technologies: HTML, CSS, jQuery, Responsive Design
